To Whom It May Concern:

Lanca Contracting has just completed the construction of an ambulance base in Port Dover for Norfolk County and the value of the project was approximately \$400,000. Lanca was able to complete the project in the scheduled time frame within the budgetary requirements and in an acceptable and professional manner.

Their experienced staff was able to solve potential problems early on to allow the project to run smoothly and safely

The workmanship, integrity, capabilities and adaptability of Lanca Contracting and staff allowed for a top quality professional product.

I would not hesitate to invite Lanca to bid on future projects.

Respectfully,

Darwin Rouse
EMS Manager/ Land Ambulance Director
Norfolk County
