To Whom It May Concern:

RESPIRE CARE PROGRAM

Our experience in dealing with Lanca Contracting was a very positive one. They completed the renovations at Lansdowne Children's Centre within the timeframe allotted. The timelines were very tight due to the government regulations we were required to follow.

SCHOOL HEALTH SUPPORT SERVICES

Their attention to detail, their correspondence with our staff and their follow-up were very good. We were very pleased with the quality of work done. Their staff and contracted workers were very professional and accommodating to our needs given that our centre remained open and operational during the renovations.

SPECIAL SERVICES AT HOME PROGRAM

We will not hesitate to consider Lanca for any future renovation or construction requirements.

Sincerely,

Kathy M. Kirby, CMA
Business Director
