To Whom it may Concern,

Lanca Contracting recently completed an addition to one of our commercial rental properties in the Brantford/Cainsville area, & we are very satisfied with the finished product. I found the Lanca crew to be knowledgeable, professional, & very accommodating to our requests for changes during the construction phase, as well as dealing with any unforeseen issues that arose in timely & economical manner. I found Nathan to be very easy to deal with & although our project was certainly not the largest undertaken by Lanca, we were never made to feel like the little guy.

We will be using Lanca Contracting again on future projects.

Sincerely,

Cory Robertson
Director
