Dear Phil:

The restoration of St. Basil Rectory is now complete, in no small measure, due to the contribution of Lanca Contracting and you in particular. As Project Manager, you facilitated the collaboration among the architects at MMMC, the trades and the Parish Building Committee. During this long process, there was never a time when you were not available or affable.

As you know there were some cost over runs but these were due to unforeseen expenses that sometimes occur when restoring older structures. You had warned us of this possibility and you were always conscious of keeping the project on budget if possible. Ultimately, the choices made were ours and there is no regret because we have a fine structure that will serve the Parish well for many years to come.

Yours truly,

Fr. Don Sanvido
