TO WHOM IT MAY CONCERN:

We would like to congratulate Lanca Contracting on the successful completion of our new head office for Aucoin Developments Inc. located at 41 Morton Ave, Brantford. Lanca was selected to be the construction manager for the project and provided design, tender and construction services.

The team assigned to the project walked us through the design and construction phases of the job effortlessly. All items from paint and carpet to window film and building signage were sourced through Lanca's resource pool of subcontractors. The knowledge and experience that Lanca brought to the table proved to be a critical element in completing our project on time and on budget.

We found Lanca's workmanship and attention to detail to be very professional. We are happy to recommend them for any construction project and look forward to working with them again.

Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Aucoin', with a long, sweeping underline.

Paul Aucoin
President
Aucoin Developments Inc.
